

MOA DVH In-Office Resources

1 Fliers:

Included: 2 Options for Printing

Instructions: Open the links included to view the fliers (both are also included after these instructions) , print the flier of your choice in color on heavyweight paper or card stock for best results. Print as many as you plan to hang.

We recommend hanging the flier you choose in multiple locations throughout your office - by the door, on or behind the front desk & in patient waiting rooms.

2 Post Cards

Included: 2 Options for Printing

Instructions: Open the links included and download both jpg files. Open the downloads file on your computer. Find the newly downloaded jpg files, right click one or both files and choose "print" from the resulting menu. In the print dialogue box that opens choose:

- print paper size: 8.5x11

- picture size: print 2 4x6 per page

- print on the best quality paper available to you; heavy paper or cardstock

We recommend including these in patient take home bags, along with contacts & glasses, as well as at the front desk.
